## WORKSHOP

Saturday, October 14th

9:00AM - 3:00PM

Al Hussein Cultural Center

9:00AM Breakfast & Registration

10:00AM Welcome & Overview of Challenges of Amman, Byblos, and Ramallah

10:30AM Part 1 - Workshop Prototyping Design Challenges: Waste, Water, Transportation

Students will be presented current design challenges from the resilience offices of the cities of Amman, Ramallah, and Byblos. Under the guidance of practitioners and academics, students will work together to prototype design interventions for complex urban issues.

12:00PM Lunch

1:00PM Part 2 - Workshop Prototyping Design Challenges

3:00PM Close

\*Schedule subject to change

## About Resilience by Design University:

Resilience by Design University (RBD U) gives the next generation of architects, landscape architects, urban designers, and planners the tools to embrace principles of resilience as a central tenet of design. In collaboration with Amman Design Week, RBD\_U Amman will bring together international designers, academics, and city officials to learn together and workshop some of the region's most pressing urban challenges. RBD\_U is a collaboration of Rebuild by Design, 100 Resilient Cities, PennDesign, and Columbia University GSAPP.
